Emily's Analysis

Turfway Park Race 2

Analysis by Emily Gullikson

#6 SPAVINAW showed run on debut despite the running line and finishing position. She was compromised at the break SLOG/TROUBLE_S making an inside SAVED MOVE and visually projected to IMPROVE. The connections wheel right back off that race and into this second start with the class drop as much improvement is not required.

Turfway Park Race 4

#5 NOT SO EASY picks up a rider change and a less than ideal ride (TACTIC-) with excessive ground loss X_WIDE MOVE coming off the layoff last month
