Santa Anita Race 9

Analysis by Emily Gullikson

#7 GORILLA BOY moves up naturally on the drop and from the 12/29 MSW event making a WIDE MOVE against the profile/X_BIAS.

The class DROP moved up #8 GOLD FOOT one that had buried form (BTL TROUBLE+ debut) last out though should not be overlooked this time.

#6 POTENTIAL SPAM should hold his form once again; also returns from the 1/20 common race, a race that had minimal change in running order and might have flattered #1 WHEN HEROES FLY and something to considered as he projects to come back much shorter today.
