ACORN (G1):

#4 JUST F Y I has held her form and looking just as strong in the morning since the Oaks (G1) to turn the tables on #9 THORPEDO ANNA in upstate NY. Going back to the Oaks (G1) it was THORPEDO ANNA's day though taking nothing away from the effort from JUST F Y I earning a B OptixGRADE. On number THORPEDO ANNA popped with a new top and JUST FYI has stronger figures to run back to and in terms of trip could work out the right run given the complexion of the field and race design.
